“ Ann and Kathy my sympathies for your loss. While not having seen him since leaving Appleton the memories of the first person I met when moving to Appleton will always remain with me. One of those memories that I often talk about is the time my grandfather gave us two old crank style phones and Dave and I strung wire around Dickson's house so we could talk to one another. It was our own private telephone line. His number was 2 shorts and a long mine was 2 longs and a short.

“ My thoughts and sympathies to Dave's family. It was a very uplifting service. The U.S. Navy honor guard at the cemetery and the playing of "Taps" really got to me; it was a very fitting tribute to a Navy vet. I hadn't seen Dave for a long time, much too long... but I remember the fun we had with our street rods back when I first joined the Minnesota Street Rod Association. He was a great guy, intelligent, analytical, organized, and as mentioned had a great sense of humor. He helped me out a lot as I was building my first street rod, a "T" roadster similar to his. He sometimes referred to his own car as "the beast" because it had a 413 cubic inch Chrysler engine in a car that weighed maybe 1700 pounds. Dave was the reason I joined the MSRA, and here thirty some years later I'm still a member, had a lot of great times as a member, and it pretty much all started because Dave got me involved. I will remember you, Dave. Cruise on.

“ Dave's memory is now in my heart. While it's been years, i have fond memories of our time together in high school. Dave introduced me to things I still cherish. May the peace of God's blessing go with him and his family
